What is Scrip Fundraising?

When you hear the word “fundraising,” you probably associate it with an abundance of wrapping paper, containers of cookie dough, and trinkets galore. What do these very popular types of fundraisers have in common? They all revolve around the selling of overpriced products that most people could live without. Scrip fundraising sets itself apart in this regard, as its purpose is to fundraise while you shop!

Fundraising as a Lifestyle

While many other fundraising programs are referred to as a “dread,” once it’s up and running, scrip fundraising is simply integrated into your everyday life. Instead of spending money on products you don’t necessarily need, scrip prides itself in being a no-selling fundraiser. You will be raising money for your organization just by making purchases with scrip gift cards

Fundraising for Every Type of Family

Because scrip is a lifestyle, and you are purchasing only what you need, it is a smart program choice for every type of organization. Other programs can feel like pointless spending, but with scrip fundraising, every little bit from a family goes a long way. Even using scrip to purchase gas and groceries, items that everyone needs, can help your child raise hundreds of dollars per participating family. Starting by making practical purchases like these are also a good way to get your families' feet wet before encouraging them to branch out into different types of scrip purchases.

Scrip fundraising isn't time consuming, which we know is important for today's busy families. Especially since scrip fundraising programs can be year-round, there isn't the stop-and-go feeling like other fundraising programs, which, again, makes it an extension of your everyday activities.

As Great Lakes Scrip Center carries hundreds of brands, there is scrip for everyone and almost every activity right at your fingertips. **Although there are other forms of Scrips on the website, PIMB only participates in the Physical Gift Cards.** We all know that time is of the essence, and scrip fundraising helps you make the most of it!

How Does Scrip Work?

Good news: it's really simple!

You buy retail gift cards through the scrip program at face value.

- You choose from nearly 400 national retail stores where you already shop.
- PIMB buys the gift cards at 1-13% less than face value (varies by retailer).
- The difference between face value and what PIMB pays = your child's earnings.
- Your fundraising has begun!

Here's an Example

Mrs. Smith needs some gardening supplies, so she buys a \$100 The Home Depot® gift card for \$100 through the scrip fundraiser. Cha-ching! She just earned \$4 for her child's account because The Home Depot gift cards are available from Great Lakes Scrip Center at 4% less than face value. When Mrs. Smith checks out at The Home Depot, she pays with her The Home Depot gift card instead of using a credit or debit card! She will do the same thing when she needs cleaning supplies at Target®, and earn \$2.50 just by using a \$100 Target Gift Card to pay for her purchases.
